Dear Sir:-

I am sending to you by parcels post insured a collection of Chinese pieces which has been offered to us by a dealer, claiming they are originals and are part of an exhibit of the Chinese government at the St. Louis Exposition. If they are originals we want to get them, but they look to me very much like replicas, although the dealer claims they are not, and seem to be perfectly willing for me to submit them to the highest authority, and of course there is no question as to who this is in this country.

I would greatly appreciate it if you will let me hear from you with the return of the coins.

Sincerely yours,

W. H. Cathcart

Mr. Wood asks what you have done about the inc. lot,
and how much longer you may want ~~the~~ it.

One glance at the so called coins is sufficient to

me who is handling them now?

I am returning the collection to you by insured

Dear Sir:-

I note from the annual reports of the Western Reserve Historical Society that you have during the past two years come into possession of a very considerable collection of Washington medala. I am writing to ask if this collection includes a set of what is known as the Seasons Medals issued or planned according to some accounts for bringing to the attention of the Indians the pleasures of peace. You will find these described in Baker's "Medallic Portraits of Washington", page 84 - they occur in silver and bronze. I should be glad to know whether any are included in the collection, and whether they are pierced or have means for suspension attached.

I must congratulate you upon the growth of your numismatic collection as evidenced in your reports - something which I hope will continue. I shall be glad to learn whether they attract the attention they warrant, and as you may know, our Society would be glad to serve you in way that may suggest itself.

Respectfully yours,

Secretary.

Dear Mr. Noe:-

Replying to your communication of March 7th would say that we have none of the Season's medals. Of course you are acquainted with the collection in the Massachusetts Historical Society. Dr. Storer I understand, is working on a publication on that at present, but no doubt you have learned of this much earlier than I. If you ever run across any of these medals in duplicate I should be very glad to know of it.

It is very encouraging to have words of commendation come from one as well posted and whose collections are as extensive as those of the American Numismatic Society. We are feeling our way along and reaching out just as fast as our means will permit. We have already enjoyed many advantages from your Society and I shall not hesitate to avail myself of the courtesies extended so sincerely, as I know the ones you have offered are.

My dear Mr. Noe:-

I would enjoy the visit that the Society will make to the
Medallion Art Company, but distance prohibits.

I think that the Society should be congratulated in it's
selection of editor of the Numismatic Notes and Monographs. How I envy
the chance of devoting your time to almost one line of work there at the
Society. Here I have to jump from a few hours work on numismatics or me-
dals to some other matter that is entirely foreign.

We have gotten a few congenial souls interested in numis-
matics and I hope to see a nice little club built up here in Cleveland.

Sincerely yours,

W. H. Cathcart

I am trying to get a collection together as fast as I can get the funds for them, but I have used up all of our appropriation for things in this line at the time being. However, I like to get these lists, as once in a while I can slip something in that is helpful to us.
